

SPECIFICATIONS

klimaflex[®] CLASSIC

Inspired by Swedish wooden clogs, the Klimaflex CLASSIC was developed in 1978 and is nowadays made from durable and sturdy polyurethane.

This material is particularly convenient for the OR area and the clog itself is manufactured to meet all requirements there:

For safety:

- o antistatic characteristics for safety
- o slip-resistant outsole for safety
- o optional adjustable heel strap for even more safety

More information about the Klimaflex CLASSIC:

- washable up to 85°C
- side holes for ventilation
- "roofs" above the vent holes so no moisture can get inside
- anatomically shaped footbed for best comfort
- shock-absorbing
- Certified according to EN ISO 20347:2012
- available in 10 different colours
- with or without adjustable heel strap
- best-known and most popular clog for the OR
- on the market for over 35 years

You can order an individual
laser engraving for your
heel straps.
