FOREWORD

Precision Footwear for Professionals.

Welcome to Light Speed Trading Co.

At Light Speed Trading Co., we are proud to present this curated catalogue of high-performance footwear, specially crafted to meet the demanding needs of the healthcare, hospitality, industrial, and service sectors. With safety, comfort, and design at the core of every pair, our collection reflects a dedication to quality and functionality—without ever compromising on style.

Each product featured in this catalogue represents our unwavering commitment to excellence. From sterilizable clogs for medical environments to elegant leather shoes for uniformed professionals, we offer a wide range of CE-certified and EN ISO-compliant footwear, sourced from trusted manufacturers across Europe and beyond.

We are proud to hold exclusive distribution rights for leading European brands such as WOCK, AprilClog, Toffeln, and Dian, along with our own in-house developed brand, Lian—ensuring a diverse and high-quality portfolio tailored to your professional needs.

This catalogue serves not merely as a product listing but as a showcase of the thoughtful engineering and ergonomic precision behind every shoe. Whether you're outfitting a clinical team, upgrading staff uniforms, or selecting protective wear for industrial use, Light Speed Trading Co. is your partner in walking the path of safety and innovation.

We sincerely thank you for your trust and look forward to continuing to serve your professional footwear needs with integrity and speed.

Warm regards,

TEAM LIGHT SPEED TRADING CO.

01

**ITALY, DENMARK**

specializes in high-quality, sterilizable clogs designed for healthcare, food service, and cleanroom environments.

02

**PORTUGAL**

specializes in innovative, ergonomic footwear designed for professionals in healthcare, hospitality, and industry sectors.

03

**PRC/INDIA**

our in-house brand, specializing in high-performance kitchen footwear and elegantly crafted executive shoes for both men and women

04

**INDIA**

specializes in handcrafted genuine leather footwear that blends quality, durability, and timeless style.

05

**UK**

specializes in ergonomic, slip-resistant footwear designed to enhance comfort and reduce fatigue for healthcare professionals.

06

**SPAIN**

specializes in comfortable, safe, and health-focused work footwear for industries like healthcare and hospitality

07

**BELGIUM**

specializes in certified personal protective equipment (PPE), including footwear and workwear, for various industries.

08

**PRC**

specializes in durable and comfortable work and safety footwear, designed to meet the protective needs of various industries.

Codes	Meaning
OB	Occupational footwear with Basic requirements only (without toecap protection)
O1	Occupational footwear (no safety toe cap) includes basic + additional requirements for certain workplace conditions
O2	Occupational footwear (no safety toe cap) Meets all O1 requirements plus water resistance
O4	Occupational footwear (no protective toe cap) with Waterproof polymer/rubber boots with basic + additional safety features
S4	Safety footwear (with toe cap protection – tested to withstand 200 Joules) with Polymeric/rubber waterproof boots with additional safety features
SB	Safety Basic
S3S	All the standard features with extra Slip resistance
A	Antistatic footwear
ESD	Electrostatic Discharge control
C	Conductive footwear
HI	Heat Insulation of the sole
CI	Cold Insulation of the sole
SR	Slip resistance according to the updated method (ceramic + lubricant)
SRA	Slip resistant (Suitable for indoor environments like kitchens, healthcare, hospitality)
SRB	Slip resistant (Better for industrial or greasy/oily floors)
SRC	Slip resistant (Best all-rounder for diverse surfaces – construction, manufacturing, logistics, food industry)
FO	Fuel Oil Resistance
